Assignee

The present invention relates to a new and distinct variety of strawberry named ‘La Cle des Champs’. The variety is botanically identified as *Fragaria. ananassa* Dutch. The new variety is distinguished from other varieties by a number of properties including but not limited to: shape and lengthy leaves; fruit color and texture; and disease and temperature hardiness.

BACKGROUND OF THE INVENTION

The new variety ‘La Cle des Champs’ originated from the controlled cross of the strawberry plants "SJ89244-6E" and "SJ8518-11" made in 1993 by Shahrokh Khanizadeh.
